

Protocol for Closing of First Lutheran Church for Weather and Emergency Events

If and when the occasion arises where we need to close the church, First Lutheran will close if the City of Fargo has issued a media advisory “No Travel Advised” because of extreme weather conditions, the City or State has issued a “State of Emergency” or if any mechanical or utility failures occur, such as loss of heat, loss of water, sewer or backup of sewage or any flooding conditions that affect the campus. **Announcements will be made on our website**, answering machine and the various local radio and TV stations. Please listen to your TV or radio if weather conditions become poor. Call Terry with any questions at 235-7389 or 701-238-4059.
